Subject: Draft 2020 TCVP Denial - NRDC Petition Response PTSLO OGC IO Review
Attachments: 2020 TCVP Denial - NRDC Petition Response PTSLO OGC IO Review.docx

Attached is a draft denial of NRDC's TCVP petition for your review. This version is currently also being reviewed by OPP's Division Directors. It is long because it includes a risk assessment and other attachments. I suggest you only read until the end of the petition response on page 42. Please focus on the substance and don't worry about formatting and minor editorial changes at this point. A cleanup effort can be done when it is closer to final.

The DD's were given until COB tomorrow for comments, so please try to provide us comments in that same timeframe. Updated drafts will be provided next week for the OD and AA levels, at which point OGC will have more opportunities to review.

Thanks,
Erin
